PROFESSIONAL EXPERIENCE

BMW Technology Corporation, Chicago, IL

Visual/UI Design Intern, April 2017–present

Collaborate on the product team in an agile environment to build the ideal experience for users. Evolve brand guidelines to improve the design of the BMW Connected mobile application.

Brad's Deals, Chicago, IL

Design Intern, February 2017–April 2017

Produced image assets for web, email and social media channels. Ideated and developed visual designs for the Brad's Deals website. Collaborated with other visual designers, UX designers, and front-end developers to concept and develop designs for the web.

The Dow Chemical Company, Midland, MI

UI Designer, September 2015–April 2016

Served as the sole designer of the Information Research department within R&D to execute high fidelity mockups from Balsamiq wireframes to be implemented by departments across Dow. Developed web application pages using Durandal, KnockoutJS, RequireJS and JayData.

UI/UX Design and Development Intern, May 2015–August 2015

Developed user interface mock-ups for the global R&D department. Attended weekly scrum meetings to discuss tasks regarding current projects.

Wiliam, North Sydney, Australia

Web Design Intern, March 2014–June 2014

Worked with the design team to create site mock-ups. Sat with the production team during meetings with clients.
